

FEET EAST

FEET EAST

Venue Brochure

**A WELCOMING, YET RAW AND INDUSTRIAL SPACE AT THE HEART OF BRUCK LANE.**

The Truman Brewery is a hub for the East London cultural scene. If you're looking for a venue that can take volume and offer flexibility in terms of appearance and space, then 93 Feet East is an excellent choice.

With two versatile and large inside spaces, an outside courtyard, additional rooms and a terrace area on the first floor, 93 Feet East is perfect for private parties, conferences, exhibitions, large seated dinners, launches, fashion shows, installations and more. Previous brands to host events at the venue include Dazed & Confused, Playstation and Twitter.

## A VENUE RICH IN HISTORY.

Established since 1999 and recently refurbished, 93 Feet East sits at the heart of Brick Lane against the backdrop of the capital's most creative areas. The iconic venue has played host to the likes of Radiohead, Groove Armada, Neneh Cherry, The White Stripes and Bombay Bicycle Club - as well as an equally impressive list of party-loving patrons passing through its doors over the years. Its refurbishment and rebrand has been a nod to its roots and historic location in East London, with its industrial heritage reflected in the raw, stripped back interior elements - including vast concrete walls and original parquet flooring.

93 Feet East has always been about music and entertainment and was launched at a time where mid-sized venues were lacking in London. It brought culture and quality music to the area through its bookings and passion to go the extra mile by offering a state of the art recording facility and its own record label - as a way to help young musicians grow their careers. With these foundations set early on, it has continued to act as a real social hub and music destination that's built a reputation as one of the capital's leading venues for music, as well as just being a great place to have a drink and meet friends.

## HOST YOUR EVENT WITH US.

The 93 Feet East team can assist with all elements of your event planning, offering you a full-scope service should you need it. Our little black book is always up to date with the best suppliers of East London to include; caterers, decor & production, furniture rental and more. Having recently been refurbished, its interior lends itself well to a variety of decoration and has ample branding opportunities, plus high-tech lighting and sound - making it fully functional for a range of events.

## OUR SPACES.

### The Hall

This space is ideal for performances and music events, with customisable staging and no windows - which makes the most of the lighting and sound available in the room. The Hall has a large bar, its own cloakroom, high ceilings, a raised production desk and screen options, making it a great option to host your concert, film screening or performance show.

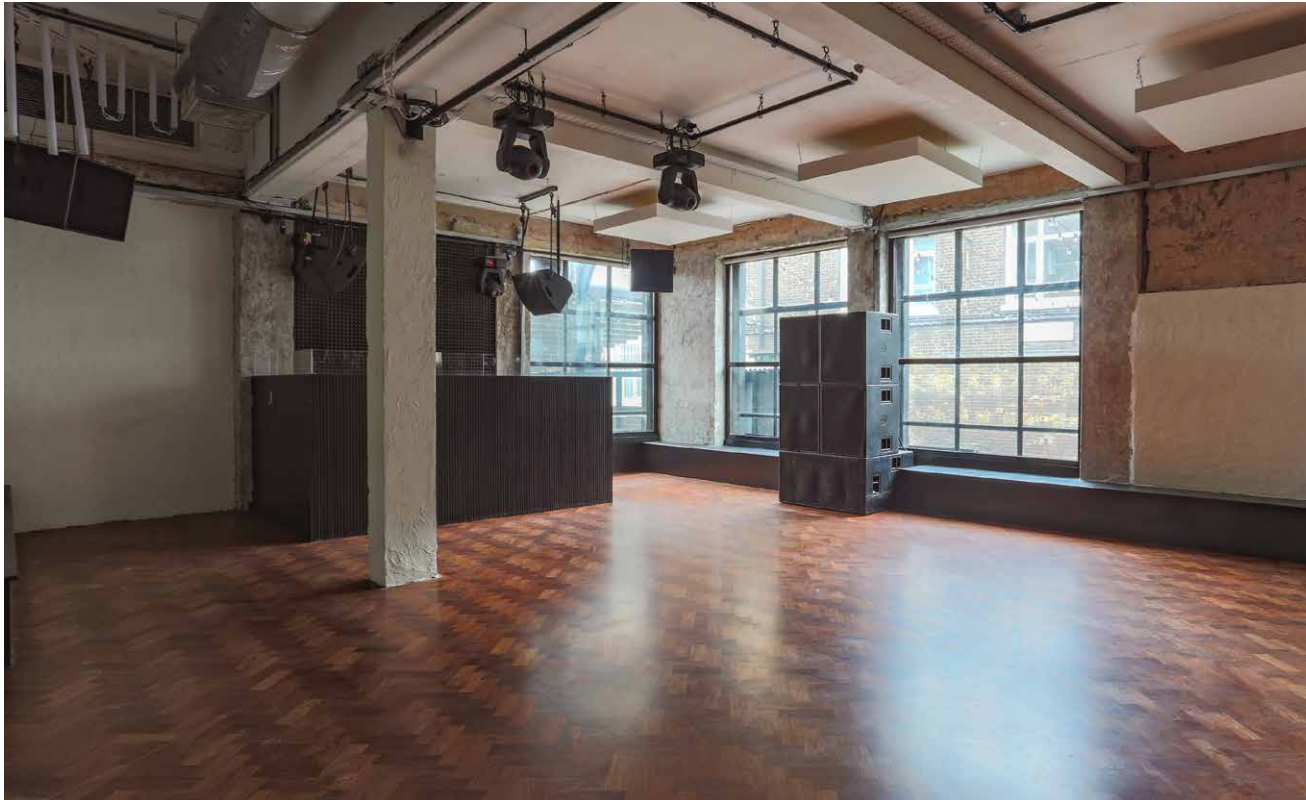

## OUR SPACES.

### The Bar

This space is ideal for day or night events. With large industrial windows running along the outer wall, there is lots of natural light, which can be diffused with a sheer blind option or fully blacked out - depending on your needs. The Bar has a large DJ booth, lighting system, full sound and projection capabilities, large bar and seating options, making this a fully flexible space - perfect as much for a party as it would be for a yoga class.

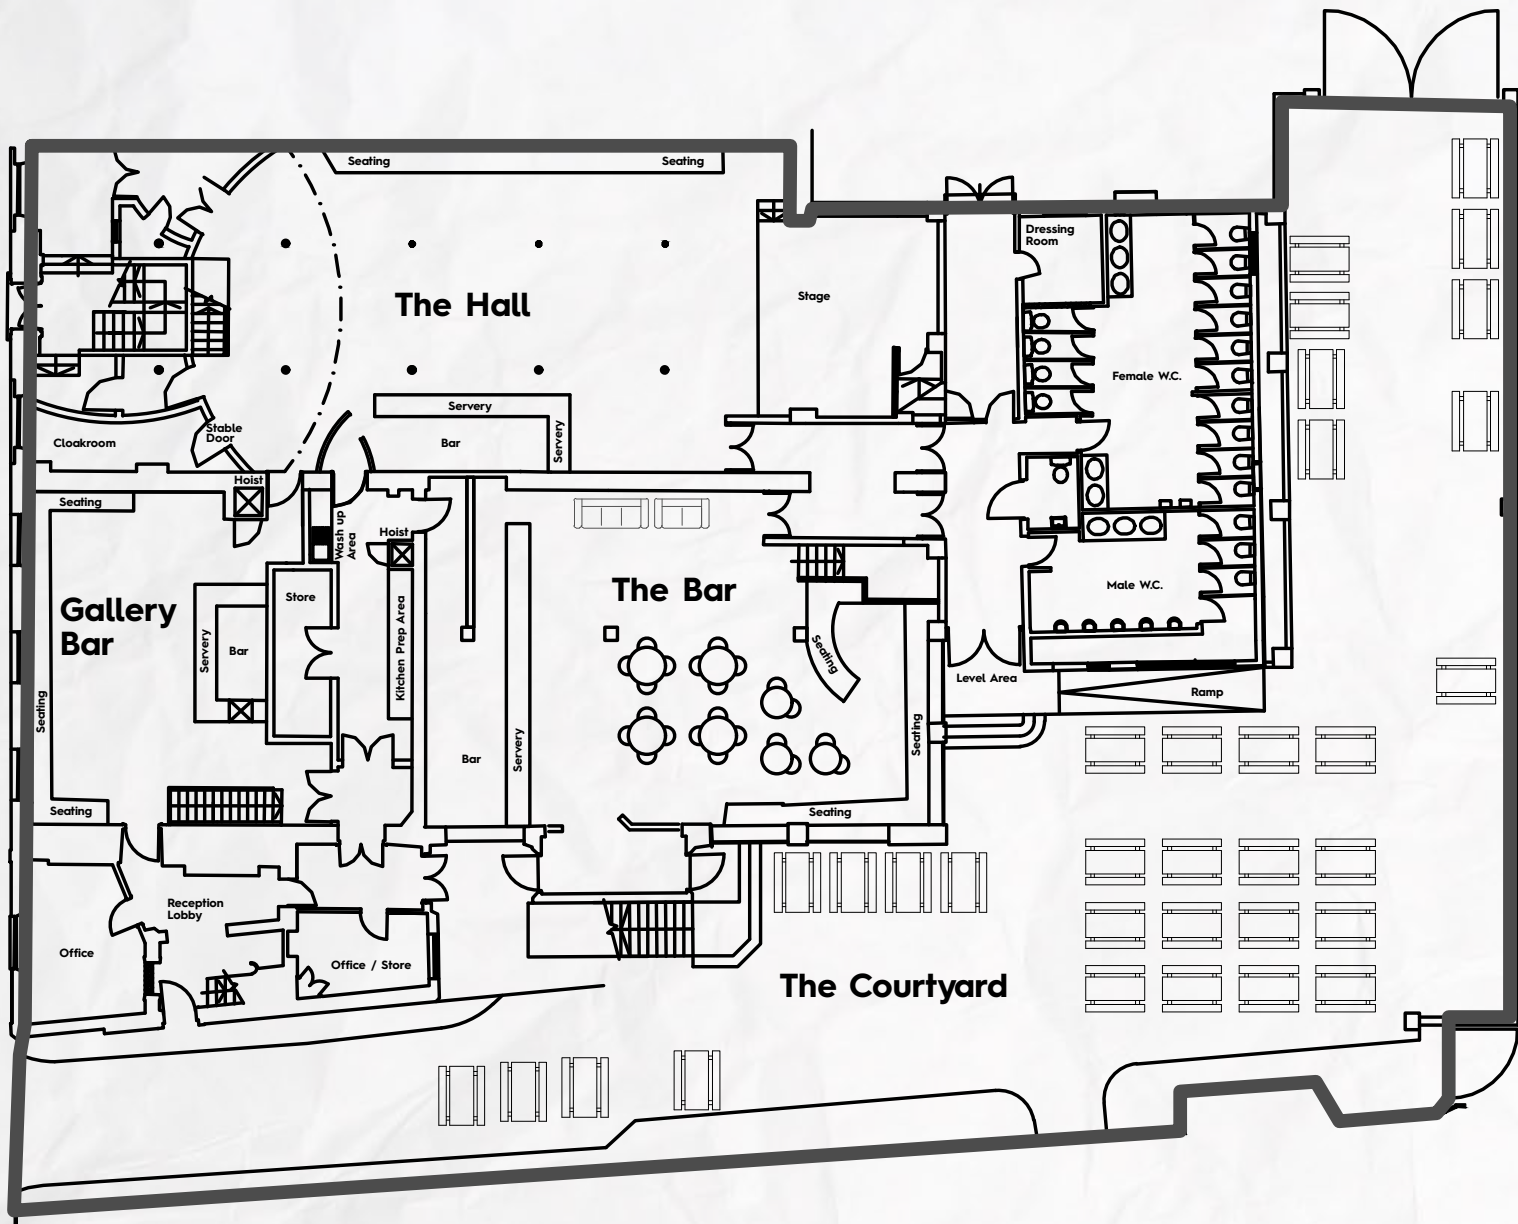

## OUR SPACES.

### The Courtyard

This unique and large space that steps directly off Brick Lane is ideal for food markets and daytime gatherings. It boasts a brandable, vintage photobooth, permanent bar area and space for additional food and drink vendors. The Courtyard works as its own function space - or as a place to offer guests the chance to sit away from the entertainment inside if they want to. A stairway leads up to an additional outdoor terrace area that is available on request.

Brick Lane
